

FORTINET APPOINTS HANSEN CHANG AS VP - ASIA-PACIFIC

Fortinet recently announced the appointment of Hansen Chang as vice president, Asia-Pacific. Chang will be responsible for managing sales, marketing, support and operations in Asia-Pacific.

Chang is a veteran of the technology industry, with 25 years of corporate and field experience with market-leading companies such as NetScreen, Sun Microsystems and IBM. Recently, he served as vice president of Asia-Pacific operations for CipherTrust, a leading messaging security company, where he expanded sales in the region by building and growing strong channel partnerships. Prior to this, Chang served as general manager of NetScreen Technology International Ltd and managed all facets of APAC international business operations for the parent company. He also served as vice president of Asia-Pacific sales for NetScreen and in four years time, grew the region's business from startup stage to more than USD\$100 million in annual revenues.

Chang holds a Bachelor of Science degree in Electrical Engineering and Computer Science from the Massachusetts Institute of Technology in Cambridge, Mass. He will be based at Fortinet's regional headquarters in Hong Kong.
