

Fortinet enables Thailand's online game provider to boost security and performance

Fortinet has been chosen by Thailand's largest online game provider, AsiaSoft International Co. Ltd, to supply a network-wide security system for its hugely popular Ragnarok online game network. AsiaSoft has successfully deployed Fortinet's Fortigate 3000 Antivirus Firewalls across its entire network, enabling a fully-protected playing environment and real-time performance for its more than one million subscribers.

## Fortinet 助泰國最大網上遊戲商

全球唯一採用 ASIC 技術及提供即時網路保護的網路抗病毒防火牆系統供貨商 Fortinet 宣佈，公司已獲泰國最大網上遊戲供貨商 AsiaSoft International Co Ltd 選定，藉此為該公司旗下的「仙境傳說」(Ragnarok) 網上遊戲提供網路保安系統。目前，AsiaSoft 已成功在整個網路系統內部署由 Fortinet 研製的 FortiGate3000 抗病毒防火牆，確保逾百萬名用戶能在全面保護及可發揮即時效能的網上遊戲環境下享受網上電玩樂趣。
